

联合国附信（中文版）

致：联合国秘书长及联合国大会主席团

事由：民间和平倡议书——《全球大同·止战向宇》提交备案

尊敬的主席团、秘书长先生：

我是一名普通的世界公民，以笔名“数虫”独立撰写并完成了一份面向全人类的和平宣讲文稿——《全球大同·止战向宇》。

此文稿基于以下核心信念起草：

- 1.战争是人类文明尚未完全成熟的体现，是幼稚、偏执与内耗；
- 2.地球孕育人类，是为了让我们成为她的文明守护者，而非彼此厮杀；
- 3.全人类真正的共同敌人不是彼此，而是天外灾害、宇宙未知风险与文明灭绝危机；
- 4.停止内部消耗、团结一致对外探索星海，是人类文明唯一救赎之道。

文稿以“现代愚公移山”为隐喻，呼吁全人类子子孙孙无穷匮也，代代宣讲和平、消除好战思维，让地球无战火、无对立、无厮杀。

此外，文稿中还特别阐述了两个核心观点：

一、分享的意义。 这份文稿不是在替某个陌生人说话，而是在替每一个渴望和平的普通人说话。当你将它分享给家人和朋友时，你是在告诉他们：有人把我们都想说但没说出来的话写下来了。每一次分享，都是在为你想要的世界投下一票。

二、地球是原始资金，全人类是原始股东。 与其在地球上为有限的资源争得头破血流，不如停止内耗，用这笔原始资金去投资星际探索。银河系有一千亿颗恒星，终有一天，每一个原始股东都将获得一颗属于自己的星球。我预言，终会有那么一天，就会实现一人一个星球的理想愿望。

我以人类和平与文明延续为最高宗旨，自愿将本宣讲文稿永久授权全人类自由传播、翻译、改编、演播，无需另行征得本人许可，仅要求保留原始创作署名“数虫”。

本文件为初版预印本，首发于公元 2026 年 6 月，原始创作时间戳已锁定于 GitHub 开源仓库（<https://github.com/shuchong2026/Global-Unity-Peace>），特此提交联合国秘书处备案，供各会员国、相关机构及后世研究者参阅。

我并非代表任何国家或组织，仅以一颗赤诚之心，履行一个地球旅人、一名当代愚公的微薄使命。

此致

敬礼

United Nations Cover Letter (English Version)

To: The Secretary-General of the United Nations and the Presidents of the UN General Assembly

Subject: Submission for Archival – Civil Society Peace Initiative "Global Unity, End Wars, Reach for the Cosmic Future"

Dear Mr. Secretary-General, Members of the Bureau, and Delegates of the United Nations,

I am an ordinary global citizen, writing under the pen name "**Shu Chong (数虫)**". I have independently authored and finalized a peace manifesto entitled:

"Global Unity, End Wars, Reach for the Cosmic Future – Eternal Ultimate Live Speech Manuscript (Passed Down Through Generations)"

This manuscript is founded upon the following convictions:

1. War is evidence that humanity has not yet fully matured; it is the product of childishness, prejudice, and internal depletion.
2. Mother Earth gave rise to humanity to be Her guardian civilization—not to destroy one another, but to protect life and explore the cosmos.
3. The true common enemy of all humankind is not fellow nations or peoples, but extraterrestrial impact threats, cosmic catastrophes, and the risk of civilizational extinction.
4. The only path to salvation for human civilization is to cease internal conflict, unite globally, and turn outward together—to defend Earth and venture into the stars.

The manuscript also elaborates two core ideas:

First, the meaning of sharing. This document does not speak for a stranger. It speaks for every ordinary person who longs for peace. When you share it with family and friends, you are telling them: someone has written down what we all wanted to say but never did. Every share is a vote for the world you wish to live in.

Second, Earth as startup capital, humanity as original shareholders. Instead of fighting over limited resources on Earth, we should stop internal conflict and invest this startup capital in interstellar exploration. The Milky Way has a hundred billion

stars. One day, every original shareholder will receive a planet of their own. I prophesy that one day, the dream of one person, one planet will come true.

Using the allegory of "the Foolish Old Man Who Moved Mountains," the text calls upon all people—across nations, languages, and cultures—to become modern-day "Yu Gongs," passing the ideal of peace from generation to generation until the invisible mountain of warmongering thought is removed.

In the supreme interest of human peace and civilizational continuity, **I permanently and irrevocably grant all people, groups, organizations, and nations the free right to disseminate, translate, adapt, and publicly perform this manuscript in whole or in part, without requiring further permission**, on the sole condition that original authorship ("Original author: Shu Chong / 数虫") be retained and the core idea not be distorted for hostile purposes.

This is the first preprint edition, originally released in June 2026. The original creation timestamp has been locked on the GitHub open-source repository (<https://github.com/shuchong2026/Global-Unity-Peace>). It is hereby submitted to the United Nations Secretariat for archival reference by Member States, relevant UN bodies, and future researchers.

I speak not on behalf of any government or institution—only as a passing traveler on Earth, and as a humble modern-day Yu Gong who chose to act.

With respect and hope,

Shu Chong (数虫)

A contemporary Yu Gong who saw the truth in a mirror, late one night
